Office Layout; Single Person Workstation c/w Mobile Pedestal & Circular Table

Brief: Computershare commissioned BBI, a business partner of Farrell, to supply and fit office furniture for their London offices. Farrell's Partners system was seen as the perfect choice for the project. Boardroom and conference facilities, are finished in a complimentary colour scheme. An impressive media wall in beech veneer, boasts a 1500mm screen with multi-media rear projector and 'printable' white boards. This was the first project in which the Partners range was used.

Six Person Workstation c/w Mobile Pedestals & Tambour Storage Units

Office Layout; Single Person Workstation c/w Mobile Pedestal & Desk Extension
